**Notice of Discontinuance of Consumer Broadband Only Loop Service Under Tariff**

**CC Docket No. 02-33**

**GN Docket No. 14-28**

**WC Docket No. 10-90**

Totelcom Communications, LLC currently offers consumer broadband-only loop service under tariff through the National Exchange Carrier Association (NECA) Tariff F.C.C. No. 5. Totelcom Communications, LLC hereby provides notice that the Company has requested from NECA that it remove the Company as a provider of Consumer Broadband-Only Loop Services under Tariff F.C.C. No. 5, effective July 1, 2017. Totelcom Communications, LLC had previously ceased offering Digital Subscriber Line Access service under tariff and currently offers on a detariffed basis.

Totelcom Communications, LLC will continue to provide broadband Internet access transmission service on a permissive detariffed basis and on a private carriage basis exclusively to its affiliate Internet service provider (ISP). Since the Company will cease to offer its broadband Internet access transmission on a common carrier basis, it is no longer necessary for it to make public the rates, terms, and conditions of the service. Instead, the rates, terms and conditions of the service will be furnished upon request to its affiliate ISP via intercompany memorandum.

The permissive detariffing of Totelcom Communications, LLC's broadband Internet access and CBOL service will apply to the entirety of the Company's study area. This includes the following exchanges: Carbon, De Leon, Desdemona, Gorman, Newburg, Olden, Proctor, and Sidney.

Presently, Totelcom Communications, LLC's only customer for its broadband Internet access transmission service is the Company's own non-regulated ISP affiliate. The Company's affiliated ISP purchases broadband Internet access transmission and CBOL service for use as an input to the retail broadband Internet access services it offers to residential and business end-user customers. The discontinuance of the tariffed offering of CBOL and the change to offering under a private carriage arrangement will have no effect on the end-user services provided by the Company's affiliated ISP.

On April 27, 2017, Totelcom Communications, LLC furnished its affiliated ISP with the attached memorandum, which notifies the ISP of the Company's plan to discontinue its provisioning of CBOL service under tariff and change to a private carriage basis exclusively.

RE: Notice of Detariffing Consumer Broadband-Only Loop Service and Change to Private Carriage Offering

This is to notify you of a change in the way in which Totelcom Communications, LLC provides broadband Internet access transmission and CBOL service, which is used as an input for the broadband Internet access services that you offer to residential and business end-user customers.

Presently, Totelcom Communications, LLC provides CBOL service under tariff through the National Exchange Carrier Association (NECA) Tariff F.C.C. No. 5. Effective July 1, 2017, Totelcom Communications, LLC will no longer offer its CBOL service under the NECA tariff. Instead, it will offer the service on a detariffed basis similar to how Totelcom Communications, LLC provides your current broadband Internet access transmission service. Additionally, Totelcom Communications, LLC will be changing the overall service offering to a private carriage basis. Service offerings on a private carriage basis are made exclusively to affiliate companies of Totelcom Communications, LLC. As an affiliate of Totelcom Communications, LLC all rates, terms and conditions will be furnished upon request via intercompany memorandum.

Totelcom Communications, LLC's detariffed, private carriage broadband Internet access transmission and CBOL services will be offered throughout the entirety of the Company's service area. This includes the following exchanges: Carbon, De Leon, Desdemona, Gorman, Newburg, Olden, Proctor, and Sidney.

The discontinuance of the tariffed offering of broadband Internet access transmission and CBOL service will have no effect upon these services or the manner in which you purchase them.
